When we set out to create a home,
we started with what people really needed.

To connect. To belong. To play.
To see beauty in every day.

And so we developed Ren Residence,
inspired by the Chinese character 人 Rén,
meaning people.

Designed in a unique 人 shape by the
award-winning GDP Architects, our twin
52-storey towers offer natural sunlight
and scenic views of Bukit Jalil, Kuala Lumpur,
along with over an acre of family-friendly
facilities.
